

Annual Report

A Year Filled with
Charitable Service

AHAD

AFRIKA HAYAT ASSOCIATION
جمعية الحياة لأفريقيا

Our Vision

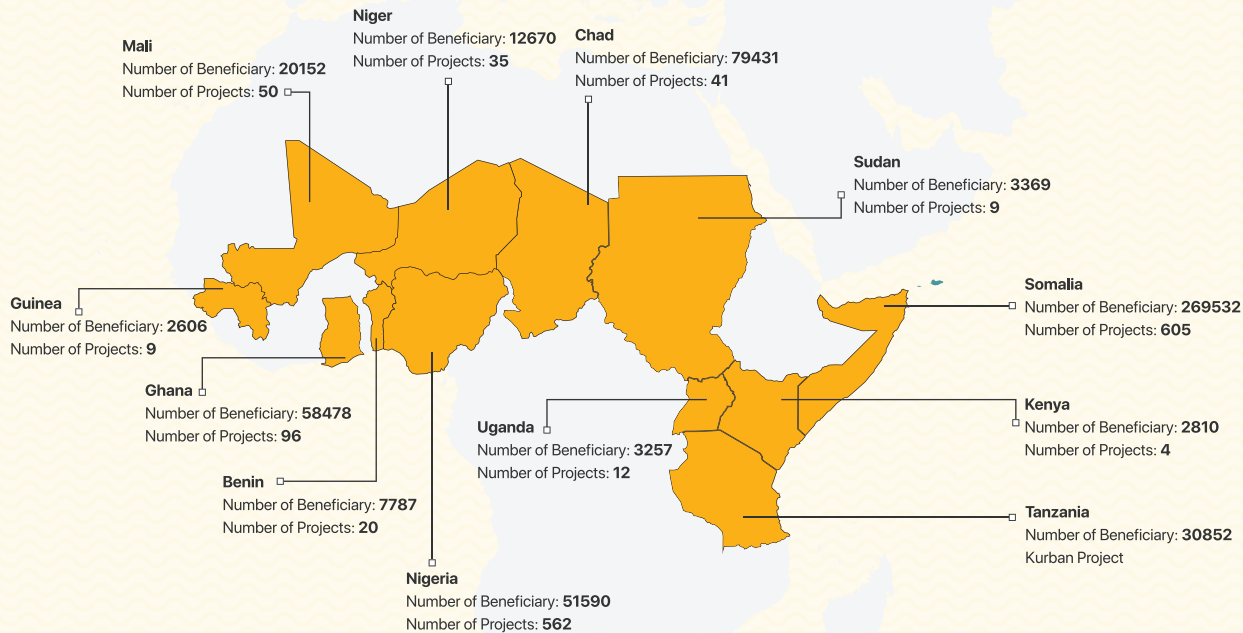

At AHAD, our vision is to see African communities that enjoy the basic requirements of life and live in dignity. We believe in the power of sustainable development and the potential of the communities we serve.

Our Mission

Our mission at AHAD is to influence the lives of the communities we serve, so that they enjoy the basics of decent living and have control over their lives and resources.

We achieve this by providing basic needs for a decent life, improving the level of educational services and access to them, and building the capacities of individuals to participate actively towards productive and sustainable communities.

In 2023

We provided aid to **542,534 People in Need**
